STRIKERS RIOTING

Situation Grows Serious in Philadelphia and Bloodshed is Result.

NUMBER HURT; CARS BURNED

Mob Pulls Strike Breakers From Cars and Beat Them—Police Unable to Handle Crowds—Service Again Tied Up.

(By Wire to the Morning Star.)

Philadelphia, June 2.—The attempt of the Philadelphia Rapid Transit Company to operate its cars tonight with strike breakers, imported from other cities, resulted in the first serious rioting which had occurred since the strike of the street car men began on May 29th. In the Kensington district, where many mills are located the feeling ran high. Mobs of men, women and children pulled the motormen and conductors from their cars and beat them severely. In many instances cars were set on fire and in other cases thrown across the tracks. The police were powerless to control the angry strike sympathizers. When they charged the mob it separated only to form again in the vicinity of another car.

The officials of the company announced today that night cars would be run tonight for the first time since the beginning of the strike. When the rioting started after nightfall every car that could be got into the barns of the company was taken off the street. Several policemen were injured during the rioting.

While the most serious rioting occurred in the m"l district in Kensington, cars were attacked in many other parts of the city. In West Philadelphia dynamite caps were placed on the tracks and crowds stoned strike breakers when attempting to bring out cars forcing them to return to the barn. In the down town districts conductors and motormen were pulled from their cars and their clothes torn from the back by mobs of strike sympathizers.

In some cases the strike breakers had to be taken to private houses and guarded by police to save them from bodily harm.

In Kensington there were five big riots and all the evening Kensington avenue, the main thoroughfare of the district, was filled with a howling mob. So far as can be learned, the striking street car men themselves did not take any part in the rioting. They were kept confined by their leaders in their various meeting places.

The imported strike breakers proved to be a disappointment to the company many of them deserting their cars at the first sign of trouble and leaving them standing in the street at the mercy of the mob. Several of them applied to the strikers for aid to return to New York, saying that they had been brought here under misrepresentation. During the course of the Kensington riots, Policeman Levy was shot in the back of the head and is said to be in a dying condition. In the same section one block of five cars were piled in the street after being partially demolished with paving stones and were then set on fire. At least a hundred persons have been more or less seriously injured.

During the day the company claimed to have operated a few more cars

(Continued on Page 5.)

OUTLINES.

The strikers and sympathizers grew violent last night in Philadelphia when the company made an effort to run cars at night with strike breakers, and the result was several riots, in which a number were injured and cars were burned——At the convention of the Travelers' Protective Association in Asheville yesterday, resolutions were adopted opposing the repeal of the internal revenue tax on leaf tobocco. Officers will be chosen today.——The Governor of Virginia has issued a requisition for Mrs. Mary Tarbock wanted in Dinwiddie county for murdering her husband and selling her estate and securing $4,000 from a bank——Senator Gore, of Oklahoma, astonished the Senate with a speech yesterday in which he quoted off-handed prices and dividends to show that under the protective tariff cotton and woolen manufacturers made large profits; Senator LaFollette, Republican, scored his party for duplicity in raising tariff duties when he could prove that revision downward was promised——At the Navy Department yesterday proposals were opened for the manufacture of more than 36,000 war and target projectiles, costing over half a million——Norfolk has applied to the United States Marine Hospital service to be eliminated from the yellow fever quarantine——New York markets: Money on call easy 1 3-4 to 2 per cent., ruling rate 1 7-8, offered at 2 per cent. Spot cotton quiet, 11.35. Flour quiet but firm. Wheat easy, No. 2 red 1.47 asked elevator. Oats firm, mixed 62 1-2 nominal. Turpentine and rosin quiet.

Grand OPening Tonight.
Grand opening of Lumina tonight. Don't miss it. **

WAR AND TARGET SUPPLIES

Proposals Opened For 36,000 War and Projectiles—Cost to Be More Than $533,000—The Bids.

(By Wire to the Morning Star.)

Washington, June 2.—Proposals for the manufacture of more than 36,000 war and target projectiles, costing over $533,000 were opened today at the Navy Department.

The Bethlehem Steel Company, of South Bthlehem, Pa., submitted the lowest bids at $169.29 each for the 2,100 twelve inch armor piercing projectiles loaded with high explosive bursting charges.

Most of the other projectiles are for target purposes and are of cheaper design and manufacture. For the 25,000 three-inch projectiles the Bethlehem Steel Company submitted the lowest bid at $147 each. For the 3,000 six-inch the E. W. Bliss Company, of Brooklyn, N. Y., was the lowest at $7.49 each. The Bethlehem Steel Company bid lowest for the 2,000 seven-inch at $9.96 each; for the 2,000 8-inch at $16.40 each; for the 2,000 12-inch the Thedegar Company, of Richmond, Va., was lowest bidder at $31 each.

For the first 14-inch projectiles to be used by the Navy, the Midvale Steel Company, of Philadelphia, bid lowest at $59 each. There are to be 50 of these made for use in the new 14-inch gun now being constructed at the Washington navy yard for experimental purposes. The gun was designed in anticipation of the need of a more powerful piece of ordnance and will fire a 1,400 pound projectile.

PROHIBITION WAVE AT HEIGHT.

Claim of Brewers Association at Atlantic City—Convention.

(By Wire to the Morning Star.)

Atlantic City, N. J., June 2.—Declaring that "the professional advocates of the anti-saloon have overshot the mark and that their statements are grossly exaggerated where they are not purposely misleading," the board of trustees of the United States Brewers' Association which opened its 49th annual convention here today went on record with the additional declarationt hat the so-called "prohibition wave" has reached its height and that "reaction is already beginning to set in."

About 300 delegates were present when Julius Liebmann, of New York, president, delivered his annual address.

The members of the Association are said to control two-thirds of the beer output of the United States.

One of the features of the convention was the public meeting tonight at which the principal speaker was the Rev. John P. Peters, chairman of the committee of 14, which is investigating the liquor question in New York. All the speakers at the public meeting advocated the wiping out of saloons that are not conducted according to law. They also urged a better enforcement of reasonable and fair liquor laws.

PANAMA LIBEL CASE UP

Government Wins Point by Continuing Case Until October.

(By Wire to the Morning Star.)

Indianapolis, Ind., June 2.—The Government won a point today in its prosecution of Charles R. Williams and Delavan Smith, owners of the Indianapolis News, indicted by a grand jury in the District of Columbia on the charge of criminal libel in publishing intimations that there was an enormous graft in the purchase of the Panama canal by the United States.

This was the second day of the hearing before Judge Anderson in the United States District Court, on the Government's application for an order removing the defendants to the District of Columbia for trial. At the request of Federal Attorneys Stuart McNamara and Charles W. Miller, Judge Anderson continued the case until October 11th to permit the prosecution to introduce as witnesses Frank H. Hitchcock, former chairman of the Republican National Committee; Norman E. Mack, chairman of the Democratic National Committee; George B. Cortelyou, certain members of the office staff of J. Pierpont Morgan & Co., and certain officers of various departments of the Government at Washington.

SPREAD OF PELLAGRA

Disease Practically in the South—Discussion of Rabies.

(By Wire to the Morning Star.)

Washington, June 2.—An interesting development of discussion of rabies at the annual conference of state and territorial health officers with the United States Public Health and Marine Hospital Service, was the fact that the disease frequently is contracted from the bites of skunks, wolves and other wild animals.

Pellagra the disease which has made its appearance in this country only in recent years, was discussed. Dr. C. F. Williams, of South Carolina, read a paper showing its prevalence in the South. Dr. H. F. Harris, of Georgia, said that the disease occurred chiefly in the Fall and Spring, that it probably was due to eating cornbread made from unripe or mouldy corn, and that its most prominent symptom was insanity. Surgeon General Wyman stated that the serivce was contemplating sending an expert on the subject to several foreign countries to study pellagra, with a view of adopting measures in this country for its elimination.

TARIFF EXPOSURE

Senate Astonished by Powerful Speech of Senator Gore.

WAS RASPING AND SINISTER

Blind Statesman Quotes Off-Hand Figures Showing Large Profits on Cotton and Woolen Goods. LaFollette Berates.

(By Wire to the Morning Star.)

Washington, June 2.—Senator Gore astonished the Senate today by the citation of a long list of cotton and woolen manufacturing companies giving their earnings, capital stock, surplus, etc. He undertook to show that corporations engaged in the cotton and woolen industries are making very large earnings. The speech was one that no other Senator would have attempted without constant reference to notes but the blind statesman from the Southwest found no difficulty in giving off-hand the greatest variety of details without the ability to assist his memory in any way.

Referring to the cotton and woolen manufacturers, and with a rasping and sinister tone, the Oklahoma Senator said he did not blame them for their large earnings.

"I know they are intelligent citizens," he said, "judging from their business success and from their selection of United States Senators."

Senator Gore quoted dividends and surplus earnings of New England cotton and woolen manufacturing companies to sustain his contention that these corporations make large profits, and Senator Frye in reply declared that ,taking into consideration both successful and unsuccessful cotton and woolen mills, a profit of not more than six per cent had been realized by New England manufacturers upon their investments in these industries.

Senator Nelson followed and also discussed the tariff bill and quoted numerous comparisons between the existing law and the pending measure with the intention of showing that in the cotton schedule the rates had been raised from 20 to 50 per cent above the Dingley law by the substitution of specific for ad valorem duties.

Mr. Nelson was followed by Senator Frye, who citing reductions in capital stock made by New England cotton manufacturers and referring to the failure of some concerns to make their business profitable at all, protested against statements that inordinate profits had been reaped by that industry. Six per cent., he said, was as much as had been made in the cotton mills averaging the results of a long term of years.

A long speech dealing with the pledge of party leaders with respect to the revision of the tariff, was begun by Senator LaFollette and will be continued tomorrow. By numerous quotations he maintained that no question could be raised as to the pledge of the party for a revision downward, and he declared that before he should conclude his speech he would demonstrate amply that on the whole the pending bill placed the customs duties above the rates of the Dingley law. Since the enactment of the Dingley law and until 1904, he said, the control of trusts had been extended to 8,664 plants with a capital of more than $20,000,000,000.

Noting the absence of Mr. Aldrich and the other Republican members of the finance committee, Mr. LaFollette said he was content to propound his questions to empty chairs if they desired to pursue the course of absenting themselves. Hence he would not ask for and would protest against a request for a quorum while he occupied the floor.

Asserting that 200 manufacturers of shoes came to Washington begging for a hearing before the committee on finance because the beef packers were obtaining certain control of the tanneries, Mr. LaFollette prophesied that the packers would reach out and eventually control not only the tanneries but all the products of leather.

The heat in the Senate chamber and the exertion caused by making an earnest speech, told on the strength of Mr. LaFollette and at five minutes after 2 o'clock the Senate took a recess for a half hour at the request of Mr. Money, to permit the Wisconsin Senator to recuperate.

Yielding the floor to Senator Elkins, Mr. LaFollette announced that he would resume his speech later.

Senator Elkins spoke at length, advocating a duty on coal and petroleum.

The cotton schedule was constructively under consideration all day, but no feature of it was passed on.

The Senate at 5:20 o'clock adjourned.

BRISTOL TO HOLD ELECTION.

Will be Haven for Saloons and Whiskey Houses if Voted Wet.

(By Wire to the Morning Star.)

Bristol, Va., June 2.—Judge Price of the Corporation Court this evening issued a call for a local option election to be held July 8th. If Bristol goes wet, as is believed, it will get 40 to 50 saloons and mail order houses, largely as a result of Tennessee going dry July 1st.

OPPOSE THE REPEAL

Travelers' Association Decides for Tobacco Growers.

WARM FIGHT OVER ELECTION

Officers of Association Will be Chosen Today—Reports of Committees. Resolutions of Thanks Adopted—The Sessions.

(By Wire to the Morning Star.)

Asheville, N. C., June 2.—Postponed by political maneuvering and hot contentions on the floor of the convention the election of offifficers of the Travelers' Protective Association did not take place today. There being no business session of the convention until 3 o'clock tomorrow afternoon the election of officers is not looked for until late tomorrow night.

After reports from the committees on the various officers' reports and the reading of letters of protest from independent tobaco growers in various sections against the repeal of the tax on leaf tobacco, a resolution providing for the immediate forwarding of telegraphic messages to United States Senators Thomas S. Martin, Albert J. Beveridge and Nelson W. Aldrich wherein the Association placed itself on record as being unalterably opposed to the repeal of the internal revenue tax on leaf tobacco was adopted. The following resolution offered by the Maryland division was unanimously adopted:

"Whereas, the Southern Railway has used every effort to make the annual convention of the National Travelers' Protective Association a success and has done everything in its power to make the journey to Asheville pleasant, be it

"Resolved, That the thanks of this convention are extended to this company and it officials for the very satisfactory manner in which they have managed the transportation of the large number of delegates and visitors and also for their courtesy in ordering thirty or more of their passenger agents together with their chiefs to look after our comfort."

It was responded to by S. H. Hardwick, of Washington, traffic passenger manager of the Southern division.

The first intimation of the extent of the sharpness with which political and factional lines of the convention are drawn developed during the reading of the proposed second constitutional amendment. The purport of this amendment was to relieve the Association from liability in cases of accidents to insured members "resulting from dizziness, attacks of fainting or unconsciousness, night mare or somnambulism."

A roll call of States resulted in a vote of 242 to 182 against the adoption of the amendment.

The proposed amendment to Article 10, section one, of the constitution requiring that in all cases of alleged death by drowning the body of the member be produced, unless there were one or more eye-witnesses to the drowning, was finally tabled by the unanimous vote of the convention.

Messrs. LaBeaume and Logan are the only candidates for the office of secretary and treasurer and this fact has produced "strained relations" between Indiana and Missouri. The former State has 63 delegates present and voting, while Missouri shows up with 64. On all questions arising this morning these States were diametrically opposed.

President Henry O. Gray, of Louisville, is not a candidate for re-election. The avowed candidates for this office are P. J. O'Meara, of Indianapolis; Thad Howe, of Chicago, and A. L. Byrd, of Columbia, S. C.

The contest for the presidency, however, is dwarfed by the warmth of the fight for the office of secretary and treasurer and it is said that the presidential chair is being bartered around in caucuses for deals that will advance the interests of the Labeaume or Logan factions. Both sides are confident of victory.

The members of the Association gave an entertainment tonight for the benefit of the widows and orphans of deceased brothers. Tomorrow morning the delegates will be entertained on the Biltmore estate.

Confident of LaBeaum's Election.

After a caucus lasting for several hours tonight, the Missouri delegation, which is solidly supporting LaBeaume for secretary and treasurer, claimed that the election of their candidate was assured.

The Indiana delegation still in caucus, concedes nothing and several of its members declare they will fight to a finish. It is said as a result of the caucus deliberations tonight Missouri will throw her strength to A. L. Byrd, of Columbia, S. C., for the presidency, receiving all or part of South Carolina's vote for LaBeaume in return.

The presence of unusual political generalship is evidenced tonight by a statement to the effect that the individual independence of delegates on the floor of the convention has been swallowed up in the magnitude of "swaps" and trades, which are being engineered by skilful steering committess, by whom the voting tomorrow will be controlled.

DAY'S DOINGS IN RALEIGH

Annual Report of Commissioner of Agriculture—Diamonds Lost in Court—A Wedding and Other News Notes.

(Special Star Telegram.)

Raleigh, N. C., June 2.—The overshadowing feature of the first day's session of the State Board of Agriculture which convened in annual meeting here today, was the report of Commissioner of Agriculture W. A. Graham covering in brief the operations of the department for the past year.

This declared that through the operations of the farmers' institutes and the practical work of the employes of the department the whole State has become acquainted with what the department is doing to advance agricultural interests, so that it is no longer considered an institution of questionable usefulness to be employed in collecting funds to be applied elsewhere. "The call now is 'Come and show me what you can do,' or 'Write and tell me what you know' about some practical agricultural problem." The Department has, he declared, demonstrated that the force are not a set of so-called scientific men in a building at Raleigh, but are a force actually at work in a practical and beneficial way right out among the people.

The report showed the income of the Department the past year $106,342.54, this being just $311.46 less than the year previous. The items of receipts are: Fertilizer tags $91,806.49; cotton seed meal tags, $11,309.93; feed tags, $2,881.75; and adjustments $344.75.

The report shows soil surveys conducted in co-operation with the National government in Pitt, Robeson and Caswell counties. The work of the entomological and horticultural divisions have been greatly extended during the year. There has, the commissioner declares, been no division of the work more beneficial and acceptable to the people than that of farmers' institutes. Work on a much larger scale is being arranged for this Summer.

Some notable recommendations made to the board are that each employe of the Department receive from the commissioner an appointment stating the date of commencement of service and salary; that each officer of the Department notify the commissioner of intended absence of more than 24 hours; that the secretary be made purchasing agent for the Department and all supplies needed be issued on requisition and that all circulars and reports from the divisions of the Department be approved by the Commissioner of Agriculture.

The loss of a jewel case containing jewels to the value of $10,000 is the bone of contention in a suit in which James H. Pou, as counsel for the Pullman Car Co., has just lodged a motion in the United States District Court before Judge Connor raising the issue of the jurisdiction of the court to try the case. The suit is brought by Mrs. Chas. Friedburg, of Paris, against The Pullman Co., and the point raised by Mr. Pou is that the suit should not be in this district as the plaintiff or defendants are not residents of the district, the plaintiff being not even a citizen of the United States. Mr. and Mrs. Friedburg were traveling in a Pullman from Jersey City to Wilmington when they allege that the case of jewelry was stolen by a porter. The court has not passed on the question of jurisdiction.

There was a conference today between Hon. O. B. Martin, of the United States Department of Agriculture, and State Superintendent Joyner and President D. H. Hill, of the A. & M. College, relative to some basis of cooperation between the department and the State authorities in maintaining an effective system of agricultural instruction in the public schools of the State.

The Kernersville Light and Power Co., of Kernersville, Forsyth county, is chartered with $25,000 capital authorized and $2,500 subscribed by D. W. Harrison, C. C. Sapp, Kernersville, and C. S. Swann and R. R. Clinard, Winston-Salem.

Another charter is to the Stokes Furniture Co., Burlington, capital $3,000 by R. L. Stokes and others.

A wedding of exceptional interest occurred in the Church of the Good Shepherd this morning at 10:30 o'clock when Miss Caroline Clopton Hervey became the bride of Mr. John Granger Ashe, Dr. I. McK. Pittinger, the rector officiating. There was a fashionable audience that filled the church to the doors. The bridal party comprised Miss Kate Hervey, sister of the bride, maid of honor, Mr. S. A. Ashe, Jr., best man, and Messrs. William Boylan and Lewis Smith, groomsmen.

BISHOP STRANGE TO PREACH.

Chosen by Alumni Association of Berkely Divinity School.

(By Wire to the Morning Star.)

Middletown, Conn., June 2.—The 55th annual ordination at Berkely Divinity School took place today in the church of the Holy Trinity.

At a meeting of the Alumni Association the following officers were chosen: Bishop Strange, of East Carolina, preacher for next year, and Rev. S. M. Holdin, of Philadelphia, substitute preacher.

Follow the Crowds
to the grand opening at Lumina tonight. Everybody going. **

SAILORS LOSE AGAIN

Dropped Two to Fayetteville Highlanders of Series Just Closed.

RALEIGH AND WILSON BOTHWIN

No Change in Relative Standing of Clubs in Percentage Column. Wilson Games Here This Afternoon.

Results Yesterday.
Wilmington 2, Fayetteville 3.
Goldsboro 1, Raleigh 2.
Wilson 6, Rocky Mount 4.
Games Today.
Wilson at Wilmington.
Fayetteville at Rocky Mount.
Raleigh at Goldsboro.

Standing of the Clubs.

	W.	L.	Pct.
Raleigh	8	5	.615
Wilson	8	5	.615
Wilmington	8	7	.533
Goldsboro	8	7	.533
Rocky Mount	5	8	.385
Fayetteville	4	9	.308

Her decks awash, sails carried away and a part of her cabin gone, the good ship "Mary Jane" with Captain Dick Smith and Sailor-crew aboard, arrived in port last night from her voyage up the Cape Fear to Fayetteville where she encountered all sorts of weather and stress, having dropped two of the series to the Highlanders, the second by a score of three to two yesterday afternoon; now to meet the strong Wilson aggregation on the local cruising grounds, beginning this afternoon.

The game yesterday was lost not through inability to hit, for eight safeties were garnered off Mr. Waters, while only three were credited to Mr. Sexton, but on account of beastly errors and a very unfortunate performance by Mr. Lohr in the eighth when the score was tied, the aforesaid exhibition having been in the form of a home run over rightfield fence. While Fayetteville played an errorless game, strange to relate, Wilmington is credited with four errors, some of which were costly. Brodie was not in the game on account of a sprained ankle but will be ready for business as usual this afternoon when the game is called at League Park. The story is a short but sad one.

It was short work for Wilmington in the first. Sharp out pitcher to first. Streaser and Smith flew out to centre. Fayetteville came near scoring after Lohr was out pitcher to first, when Dobson hit to second, who threw wild to first, giving the runner another base and third on Clemmons' out short to first. Sexton, however, steadied and fanned Hart.

In the second Levy and Kite flew out to right and centre, Jayes singled through second but Simmons fanned. For Fayetteville Waters was out to first and Carolan second to first while McRae fanned.

The third had possibilities for Wilmington but that was all. Fox opened with a single to centre and was sacrificed by Sexton; Sharp hit to third, advancing Fox to third, but Streaser ended it by flying out to left. Fullmer and Lohr were out second to first and to left while Duhrlin fanned.

The fatal fourth opened with a safety by Smith past first and sacrifice by Levy but Kite fanned and Jayes was out short to first. For Fayetteville after Dobson flew out to right, Clemmons hit to third and was safe on slow fielding, stealing second; Hart drew a pass; Waters flew out to right; Carolan hit to short who threw wild to first and Clemmons scored; McRae ended the hope by again fanning.

Wilmington could do nothing in the fifth, Simmons being out short to first and Fox spoiling free transportation by being caught at second; Sexton also walked but Sharp flew out to first. Fullmer, first up for Fayetteville, walked and was sacrificed by Duhrlin, going to third on Lohr's fly-out to left and scoring on Dobson's hit to right. Clemmons was up and Dobson was out trying to steal second.

The lone two runs of the Sailors came in the sixth when Streaser was safe on a hit to short ,was advanced by Smith's single to centre, went to third on Levy's fly-out to left and scored upon the execution of a double steal by he and Smith with Kite at the bat, the latter singling and scoring Smith. Jayes followed with another hit to centre, but Simmons was out short to first and Fox flew out to centre. For Fayetteville Clemmons and Hart were out from the infield and Waters fanned.

In the seventh, Sexton and Sharp were out from the infield and Streaser flew out to right. Carolan led off for Fayetteville with a single to centre but was out with designs on second, McRae popped out to pitcher and Fullmer fanned.

After Smith and Levy were out to first and second to first in the eighth, Kite hit by second and Jayes walked but Simmons was out short to first. For Fayetteville Duhrlin was out to first and Lohr drove one over rightfield fence for a home run, cinching the game. Clemmons was out second to first.

Wilmington could do nothing in her

EXCURSION TO COAL FIELDS.

It is something new to have excursions from our manufacturing districts to the coal fields, but this is one of the new things that have come about because of direct railroad connection with the regions where the mines are in operation. The Clinchfield Coal Corporation is promoting the excursions, and they are to run them over the new coal road, the Carolina, Clinch field & Ohio Railroad, which now connects the Carolina manufacturing districts with the coal producing country. The first of these excursions over the new and direct route will leave Charlotte at midnight tonight.

The Clinchfield Corporation owns thousands of acres of coal lands and mines in southwestern Virginia ,and it is largely interested in the Carolina, Clinchfield & Ohio Railroad which has been built into the Carolinas in order to provide a market for coal among the numerous manufacturing enterprises of the Piedmont. Upon invitation of the Corporation the first excursion will carry 40 South Carolina cotton mill men who will embrace the opportunity to inspect the coal mines.

The Charlotte Observer of yesterday makes the following mention of this stroke of enterprise:

"This is the first excursion of its kind which will run over this splendid new line. The cotton mill men will be shown the elegant roadbed and all the points of interest in connection with the building of the road. It is said that some of the most marvelous of modern engineering feats have been accomplished as the line penetrates the mountains bordering North Carolina, Tennessee and Virginia. The party will travel slowly en route in order to allow an inspection of the road as well as to enjoy the scenery.

"When the coal mines in Virginia are reached, the cotton mill men composing the excursionists will be shown the electrical equipment for digging the coal from the earth and all the facilities which this new road has for handling the product to this section of the South.

"The train which will leave here tomorrow night bearing the manufacturers will consist of three private cars in addition to that occupied by the party and a dining car. A number of the officials of the Carolina, Clinchfield & Ohio Railroad Company will journey with the cotton mill men. The trip promises to be unusually delightful."

We begin to see now what the new coal road will do for the development of our cotton mill industry in the Piedmont. Our mills, besides being in the centre of a vast supply of hydro-electric power, are to get coal cheaper, and this will increase to an incalculable extent the already great natural advantages of the Carolinas for cotton manufacturing. Plenty of transmissible power from the Piedmont rivers, an inexhaustible supply of coal and a climate unequalled on earth make the Carolinas the ideal field for cotton manufacturing.

Whenever new mills are to be built they should come where the cotton grows, and where the power, the coal and the climate combine to assure success of the cotton mill industry.

There is great need for diversifying our cotton mill products, and we hope to see our mills sooner or later branching out into the finer cotton textiles.

DOUBLE TRACKING OUR RAILROADS.

One of the signs that the financial depression is about over is the fact that great railroad improvements and new enterprises suspended during the panic are being resumed. It is also a sign that there is confidence in the future, and all this double tracking and building of better road beds is to meet the demands for the enlarged transportation which the South furnishes from its fields and factories.

That there is something doing in the way of preparing for transportation on a larger and more satisfactory scale, the following from the Greensboro Record will show:

"The Southern Railway is pushing several important pieces of line revision and double tracking in the vicinity of Lynchburg, Va., Greensboro and Asheville, and Chattanooga, Tenn. At Lynchburg, the improvement embraces the construction of a new low-grade freight line eight miles long, around the city, west of the present line, in order to eliminate both the grades and curvature. The new work includes a tunnel about 1,300 feet long, now well advanced, and a bridge over James river, about 1,800 feet long and 150 feet above the water.

In connection with this relocation, the engineering department had just turned over the operation of a second track from Durmid to Sycamore, 30 miles; and the addition of the new line around Lynchburg, which will be finished early in 1910, will complete 38 miles of continuous double track from Winesay to Sycamore. The revision gives this part of the line maximum grades of 48 feet to the mile with maximum curvature of four degrees, as compared with the old ruling grade of 74 feet and maximum curvature of 10 degrees.

"Double tracking is in progress from Greensboro, northbound, and from Asheville, westward to Craggy, 41 miles. On the latter work, which reduces the maximum curvature from nine degrees to six degrees, a new reinforced concrete viaduct is now going in over French Broad river, and a new girder bridge over Mill creek. The work at both points will be completed this year.

"In the Chattanooga district the company is putting in 13.7 miles of second track between Citico and Coltewah Junction, reducing the present maximum grade of 63 feet a mile in both directions to 40 feet in both directions, and the present maximum curvature of 4 degrees, 16 minutes to 3 degrees."

This work is being done by the Southern Railway, and it is needless to predict that the other lines will sooner or later be engaging in the same preparations to meet the transportation demands of a greater and growing South.

Mr. B. F. Keith, the Boston man who owns theatres in many American cities, has given orders that no more mother-in-law jokes shall be perpetrated in any of his play houses. It is now suspected that Mr. Keith has a mother-in-law of his own.

In New York on Tuesday, Vice President George Baglin, of the United Copper Company, was committed to the Toombs. The Toombs is an appropriate place for a man who spirited away the books of the company now under investigation.

President Taft says the warring Republican leaders in North Carolina "must get in the same bed together." They may do it, Mr. Taft, but the slats ought to be nailed down so they can't snatch 'em out and get rough with each other.

An artist in Ohio claims that he can photograph sound. This means that he could have taken the photograph of those campaign promises made by Republicans to the effect that the tariff would be revised in the interest of the people.

President Taft insists that the Republican leaders in North Carolina must quit scrapping and "all lie in the same bed." Fancy what dreams they would have, not to mention the nightmares that Adams and Duncan would have.

Baltimore undertakers are having bargain days in funerals. Senators who vote to keep up a high tariff needn't go to Baltimore for theirs. They will have a free funeral at home the next time they offer for re-election.

The weather of the past few days will incline people in the interior to come to our beaches, where they can dip themselves in the ocean and get the benefit of our cooling breezes.

A concern in Raleigh advertised for a pretty young lady to demonstrate perfume. This must be a way he had to find out how many egotistic girls there are in Raleigh.

The North Carolina cities have taken a clean-up spell. This kind of work should be done systematically and regularly and not in spells.

The Jacksonville Times Union ejaculates: "There's nothing so sweet as a June bride!" Unless, perhaps, it is another June bride.

CURRENT COMMENT.

—The people of the great Central West have the alternative, if Congress does not revise the tariff the right way, of revising Congress.—Kansas City Journal.

—Some of the newspaper reports get it confused every year. The South observes Memorial Day. The North observes Decoration Day. The spirit is the same but the Southern sentiment embodying both remembrance and decoration, we take it, is the finest.—Charlotte Chronicle.

—Mr. Taft's efforts to get all the warring Republicans in this State to get in the same bed will be watched with interest. If he accomplishes it he will fool all the politicians down this way, even though the prospect for pickings and pie is great. Imagine Duncan and Tom Settle, Adams and Holton, etc., etc., all sleeping peacefully side by side.—Greensboro Record.

—Judge Connor today made the swap from State Supreme Court to Federal Court bench, and some of the newspapers are expecting Governor Kitchin to make announcement this week of Judge Connor's successor. It has been pointed out that as the Supreme Court has adjourned there is no call for hurry in the matter, but probably Governor Kitchin wants to get it off the minds of several aspiring lawyers, as well as off his own mind. We wonder if he has a surprise up his sleeve?—Charlotte Chronicle.

—Every attendant at the Federal Court yesterday remarked upon the fact that the new Federal judge presided just as he did on the Superior and Supreme Court bench of North Carolina. He was not shrouded in the gowns that most Federal judges wear and many favorable comments were made upon the fact that he did not wear the judicial robe used by his predecessors. A little man needs a robe to insure a measure of respect for his court; a big man secures that respect by right judgment and needs no millinery.—Raleigh News and Observer.

—The making of ice goblets, with cool beverages as they are served, has been so perfected by H. D. P. Huizer, at his Summer resort factory near The Hague, that 100 per hour can be made with one horse-power, only a small refrigerating machine being needed to supply the cold brine. The mold is of special metal, with a core of porcelain, and after pouring in the water the whole is submerged in the brine at ten below zero for six minutes, then passed for a moment to a special heater, when the goblet is pushed out and caught in a paper holder. Each goblet contains half a pint. It can be filled only once, but will hold the beverage half an hour in hot weather.

—We doubt if our regret is greater than our surprise at Senator Simmons' attitude on the tariff bill now in the process of making in the Senate. His answers to his critics have not, in our estimation, justified his course in breaking away, as we see it, from the ancient landmarks of Democracy. It may not be necessary to say even this much by way of explaining our atttitude towards the course pursued by the senior North Carolina Senator since the tariff bill has been under consideration in the Senate, inasmuch as we have on different occasions deplored the stand of those Democrats in Congress who do not subscribe to the views on this question their party has held from time immemorial.—Salisbury Post.

TWINKLINGS.

—Johnny—I made a quarter today, pa. Pa—That's good! How did you make it? Borrowed it from ma—Chicago Daily News.

—Tommy—Paw, what is concentrated lye? Mr. Tucker—It's the short and ugly word, Tommy. Don't bother me any more, please.—Chicago Tribune.

—"Did your father die seized of much property?" asked the lawyer. "No," replied the disconsolate heir, "he died seized of the sheriff."—Philadelphia Public Ledger.

—"The batchelor is worse off than the married man? How do you make that out?" "The married man is afraid of only one woman; the bachelor is afraid of all of them."—Houston Post.

—"We will teach those trusts a thing or two," said the statesman. "Don't do it," answered Senator Sorghum, "my observation is that the trusts never learn anything new without making it a source of further profit."—Washington Star.

—"Pardon my ignorance," said the lady passenger to the Captain of the big ship, "but how do you manage to find your way across the trackless ocean?" "By means of the compass, madam," answered the Captain. "The needle invariably points to the north." "But," queried the lady, "suppose you wished to go to the south?"—Chicago Daily News.

—Asheville, N. C., June 1.—A pistol duel took place at Panther Creek in Graham, in which Grant Postell was shot by Lon Green. Death resulted from the wound. Postell fired two shots and Green three, Green's brother also shot at the wounded man. Both have fled to the mountains.

Calvin Johnson, a negro, was convicted at Alexandria, Va., yesterday of murder in the first degree for the killing of Walter F. Shultz, the Chicago artist, March 5th last. The jury had been out since last Friday night and until early today stood 10 to 2 for conviction.

—Lumberton Robesonian: Walter Morrison, a negro about 25 years old who has a bad record, was arrested Saturday morning at the home of his father, Archie Morrison, about 4 miles south of Maxton, by Deputy Shgriff J. A. Kitchin, was later identified before James Monroe as the negro who committed criminal assault upon Polly Rogers, Croatan, near Elrod Thursday, and was brought to jail here about noon Saturday. There was some talk of a lynching party of Croatans coming over from Pembroke Saturday night, but this seems to have been groundelss. Morrison will be tried at the criminal term of court in July. But for the fact that Deputy Kitchin deputized a large number of Croatans to help him the negro might never have reached the jail alive, but fortunately any such trouble was averted, though naturally there is intense feeling over the outrage. Morrison has given considerable trouble in the county for several years. After serving but two days of a 12-months' sentence on the roads for larceny he escaped and about a year ago he was captured at Hamlet. He was released from the chain gang, where he gave trouble all the time, on the 10th inst., after serving out that sentence.

—Rocky Mount, N. C., May 28.—Three negro car breakers who are wanted in Suffolk, Va., were captured in this city yesterday, and they were returned by the morning train to that city for trial tomorrow morning. The facts in the case, as near as could be learned, was that five negroes broke seal on a merchandise car on a southbound freight to this city on Wednesday night. Two of the negroes escaped by jumping from the freight near Tarboro, while the train was running about 35 miles an hour. However, it is thought that these two will be caught. The three negroes taken prisoners here fell easy prey to the Atlantic Coast Line detectives upon arrival in this city. This is the second breaking into that has occurred on this branch within the past two weeks, and there are two negroes now serving a sentence on the road district upon this charge. Owing to the fact that the breaking of the seal was in Virginia the negroes must be carried back there for trial.

NADINOLA
Talcum Powder
Will Please the Most Exacting Man, Woman or Child.

See the Top.
See the Can.
Use the Powder and You'll Always Ask For It. There's None Superior.
Test the Powder and You'll Want It. There's None Finer.
NADINOLA
TALCUM POWDER

Nadinola Talcum Powder is composed entirely of sanative ingredients, fine and soft as velvet. When used it sets free just enough oxygen to keep the skin white and soft, and in a smooth, healthy condition. Prevents sunburn, allays irritation. It's for men and women requiring the best.

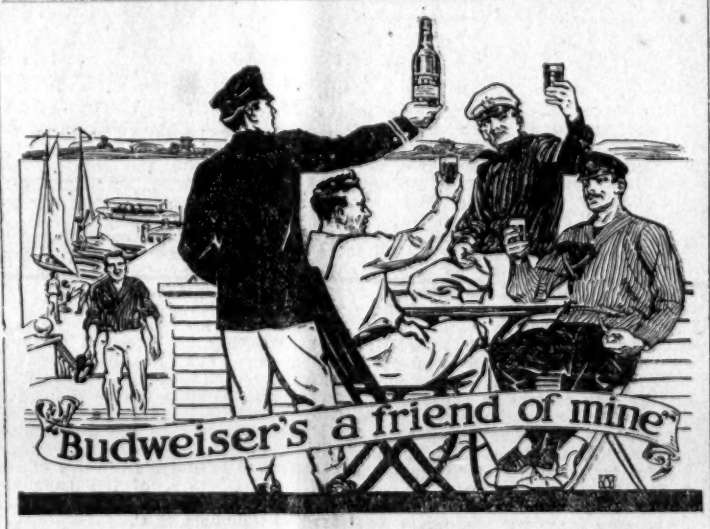
PARIS, TENNESSEE.

To buy advertised things is coming to be a fired habit of the people—and it's a profitable habit, too.



The American Yachtsman

No better type of man exists on the face of the earth than the American yachtsman.

Since 1851 the supremacy of American sailors and yacht designers has never been seriously endangered on either fresh or salt water.

When devotees of yachting gather to toast each other—no beer is half so popular as

Budweiser

The King of All Bottled Beers

It has a bunk aboard every yacht. It puts a tang in the blood that tingles like an ocean breeze. It is pure and clean as the foam on a white cap. It is cool and refreshing as a dip in the sea on a summer day.

CAUTION: To guard against deception and substitution, see that the corks are branded "BUDWEISER" and that the "Crown Caps" bear the A and Eagle trade-mark.

Bottled Only at the
Anheuser-Busch Brewery

Danderine

Grows Hair and we can

PROVE IT!

The Great DANDERINE Never Fails to Produce the Desired Results.

IT enlivens and invigorates the **hair glands** and **tissues** of the scalp, **resulting in a continuous and increasing growth of the hair.**

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

A lady from Brooklyn writes: "After a short trial my hair stopped falling, and I now have a lovely head of hair, very heavy and over one and a quarter yards long."

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. **Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.**

Now on sale at every drug and toilet store in the land; 3 sizes **25c, 50c** and **$1.00**

Cut This Out

Free To show how quickly **Danderine** acts, we will send a large sample free by return mail to anyone who sends this free coupon to the **Knowlton Danderine Co., Chicago,** with their name and address and 10c in silver or stamps to pay postage.

SPIRITS TURPENTINE

—Winston-Salem Journal: There were more than 23,000,000 pounds of leaf tobacco sold on the Winston-Salem market from August 1 last to date and it is good to know that the average price was something over ten cents.

—Winston-Salem, June 1.—The board of aldermen last night ordered that all cows from which milk is sold in the city of Winston shall be tested for tuberculosis and that the State veterinarian be requested to come here and make examination of the cows. It is understood that the veterinarian will be here June 7th.

—Thomasville, June 1.—Civil Engineer Griffin, of the Southern, has just completed his work of the belt line and within the next few weeks work will be resumed on the completion of the line. It will be remembered that about two-thirds of the line was completed about a year ago, but on account of a hitch in securing the right-of-way work was stopped before the line reached the main line, but now all matters have been adjusted and the line will be pushed to completion. It will give Thomasville as good railroad advantages for factory sites as any town in the South.

—Winston-Salem Journal, June 1.—The board of aldermen placed a $500 privilege tax on near beer stands at a called meeting last night. The exact words of the ordinance in regard to the near beer is: "There shall be levied upon and paid by any person, firm or corporation, who shall, within the corporate limits of the city of Winston, engage in the business of selling any drink or beverake, for the sale of which said person, firm or corporation is required by law to secure from the United States government a license, and not in violation of the State prohibition law, an annual privilege tax of $500. This ordinance shall be in effect on and after July 1, 1909."

—Cary, June 1.—It is reported that an order has been placed by the Seaboard Air Line Railway for a telephone train dispatching system and the device will soon be in operation on the main line between Raleigh and Monroe. This will do away with the dispatching of trains by the telegraph system and all train orders and messages will be transmitted entirely by the telephone. The system is in operation on the C. B. & Q. Railway, and it is said gives the same service as the telegraph. The railroad people say it will not interfere with the regular force and the same telegraph operators will be retained for the telephone service with the same conditions as to salary and hours.

—Wilson, N. C., June 1.—Saturday night last, at a negro "sociable" held in Toisnot township, about five miles from Wilson, John Thomas emplied a load of bird shot into the body of Bennett Taylor, the shot lodging in his side and stomach. All of the parties had been drinking. King Taylor, a brother of the wounded man, had struck John Thomas with a brick; Bennett was preparing to let one drive too, when he received the load of lead. Deputy Howard M. Rowe went after and brought Thomas to Wilson and lodged him in jail. The man who was shot was up walking about and regrets more the loss of a quart of corn whiskey that was shattered in the melee than he does the number of shot in his body.

—Goldsboro, N. C., June 1.—Mr. Jesse W. Stanley, one of Goldsboro's most esteemed citizens died at his home on William street south, very suddenly this morning at 7:30 o'clock of apoplexy. Mr. Stanley, who for twenty-five years has been the traveling representative throughout many parts of the Cincinnati Coffin Company and stood at the top of the list in length of service and in appreciation with his company, arrived home only last night at 8:30 over the Southern from an extended trip, and was feeling as well as usual, and was in fine spirits having had a remarkably good trade on his trip. He spent a comfortable night, and arose this morning at his usual hour and took a bath, but on returning from the bathroom to his bedroom he complained to his wife of feeling bad and laid down on his bed, and almost instantly his face became purple, almost to blackness, and before a physician could be summoned he was dead.

—Durham, N. C., June 1.—The inquest over the remains of Thomas Garrad, found in a dying condition by the side of the Southern railroad track west of West Durham, was completed this morning. The jury for their verdict returned that the deceased came to his death by the carlessness and negligence of himself, the evidence showing that he was partially under the influence of whiskey and that he left the home of Arch Waggone where he lived, but a short while before the arrival of the westbound train. Engineer Atkinson, who had charge of the throttle when the man was killed, was brought from Salisbury as a witness in the case. He told the jury the story of what he saw that night. His train was rounding a curve and a short distance in front of the train he say a man lying on the track. The man partially raised himself, looked towards the flashing headlight. In the meantime the engineer was trying to stop his train. He thought the man had fallen from the track and was saved, but he stopped the train and backed up. He then found the man in a dying condition and his right arm cut off. There very many bruises and cuts about the head.

PERSONAL PARAGRAPHS.

—Miss Virginia Bailey is visiting Miss Jessie Croswell in Fayetteville.

—Mr. J. A. Murphy, of Atkinson, N. C., was among yesterday's arrivals in the city.

—Miss Nellie Durham left yesterday morning for a visit to relatives and friends in Greensboro.

—L. V. Grady, Esq., of Whteville, formerly of the local bar, is here attending Superior Court.

—Mr. Sol. Sternberger, after having spent a week in the city with his family, has returned to Portsmouth, Va.

—Mrs. H. M. Drane, of Savannah, Ga., is visiting Mrs. J. H. Durham, 304 South Second street, for a few days.

—Messrs. Wm. Simpson, of Charlotte, and J. B. Edgerton, of Goldsboro, were here yesterday, registered at The Orton.

—Col. C. H. Gattis, District Passenger Agent of the Seaboard Air Line, spent yesterday in the city on official business.

—Mrs. E. W. VanDuzen and little son, Master E. W., Jr., returned yesterday from a visit of several months to relatives in the North.

—Mrs. A. M. Scarborough and Miss Mary Claire Peterson are spending several weeks in New York and Yonkers, N. Y.

—Mrs. R. A. Jenkins, of Salem, N. C., arrived last night to spend a few weeks on a visit to her daughter, Mrs. Andrew Howell.

—Mr. and Mrs. J. L. Solomon and child, who have been spending some time at Mrs. Solomon's home in Louisville, Ky., have returned to the city.

—Friends of Capt. John J. Chambers regret to learn of his critical illness at the home of his sister, Mrs. A. P. McClammy, No. 620 South Front street.

—Mr. W. E. Yopp left last night for Goldsboro, where he will attend the funeral of Mr. J. W. Stanley, which will be conducted from the late home in that city today.

—Mr. J. Paul Trimmer left yesterday morning for Conway, S. C., where he has taken a position with the Conway Bargain House, one of the largest mercantile enterprises there.

—Capt. Earl I. Brown, U. S. Army Engineers, left yesterday morning for Charleston, S. C., where he will relieve for a few days, Capt. Adams, in charge of that district, who is sick.

—Mr. and Mrs. Julius Hahn will leave this evening for Baltimore, whence they will sail this week for an extended tour through Europe, being away several months. Many friends wish for them a pleasant sojourn on "the other side" and a safe return in the Fall.

Funeral of Little Son.

The funeral services over the remains of James Langston, eight-months-old son of Mr. and Mrs. P. H. Langston, who died at 4 o'clock Tuesday afternoon, were held from the family residence, 718 North Fifth street, at 8 o'clock yesterday morning by Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church. The remains were taken on the 9 o'clock train to Rocky Point and from there conveyed to Riley's Creek, where the interment took place. The bereaved parents have the sympathy of many friends.

Funeral of Infant.

Funeral services over the remains of the infant of Mr. and Mrs. O. P. Woodcock were held from the family residence, 916 Chesnut street, yesterday morning at 10 o'clock, conducted by Rev. W. L. Rexford, pastor of Trinity Methodist Church. The little one's death occurred Tuesday afternoon at 5:30 o'clock. Interment was in Oakdale cemetery.

Death of Anthony Toomer.

The death of Anthony Toomer, better known as "Tony," a respected colored barber, occurred yesterday at the James Walker Memorial Hospital. He stood well among the members of his race, was a member of St. Luke's A. M. E. church, and the Knights of Gideon. The funeral will be held from St. Lukes' church today.

Lumina Tonight.

Grand opening at Lumina tonight. Follow the crowds. **

YOUR CAKE IS ALL DOUGH
or at least it might as well be unless you use
SAUER'S FLAVORING EXTRACTS

LOCAL DOTS.

—Tonight will witness the grand opening of Greater Lumina and the Tidewater Power Co., is arranging to handle very large crowds. There will be a dance and music by Kneisel's complete orchestra of ten pieces.

—The regular Summer schedule on the suburban line goes into effect today with cars every half hour from 6:30 A. M. to 11:30 P. M. with owl cars even later. The schedule in full is printed elsewhere in today's paper.

—The schooner Edward R. Baird, Jr., Capt. Bennett, cleared from Little River, S. C., yesterday for New York with cargo of 266,000 feet lumber from the Hammer Lumber Company; vessel by C. D. Maffitt.

—A Japanese garden party will be given by the Southside Baptist Sunday School on the church lawn, Fifth and Wooster streets, this evening, beginning at 8 o'clock, proceeds for the building fund.

—G. W. Ormsby desires to correct the statement in the report of a trial in yesterday morning's paper to the effect that he told Abraham Watson that if he would go and whip Annie Lowe that he would pay the costs. He says that he doesn't even know the Lowe woman.

—The Junior Home Missionary Society of the First Presbyterian church will give a lawn party on the lawn adjoining Abbie Chadbourn Memorial Hall Friday afternoon and evening from 5 to 7 o'clock. Ice cream, cake and candy will be served and the public is cordially invited to attend.

—The police last night arrested a number of small colored boys said to have been present in the woods last Monday when a pitcher was found and later identified as part of the silverware stolen from the residence of Mrs. Fannie Johnson, Sixth and Walnut streets, Sunday morning. The boys gave bond awaiting developments.

—A trivial civil action was heard before Justice Sykes yesterday morning, brought by J. E. Cathron and C. D. O'Neill against H. Harowitz and the amount involved was $5, which the plaintiffs allege the defendant owed on a contract for a half-page advertisement in a baseball score book. The justice decided in favor of the plaintiffs and an execution issued. The defendant employed Fred W. Bonitz, Esq., as counsel and will carry the case to the Superior Court.

CITY BOARD OF HEALTH.

Routine Matters Considered at Meeting Yesterday Afternoon.

The regular monthly meeting of the City Board of Health was held in the Mayor's office at the City Hall yesterday afternoon, the meeting being called to order shortly before 3 o'clock by Mayor Walter MacRae. Members present were Dr. T. S. Burbank, Mr. Jos. D. Smith, and Dr. Joseph Akerman, superintendent of health and secretary of the board.

There was no special business to come before the board for action and the time was consumed in the transaction of routine matters.

The report of Inspector Thos. B. Carroll showed that during the month of May he made 28 inspections of dairies and dairy farms and found the sanitary conditions and health of cattle good. Nineteen tests for butter fat in milk were made and all came up to the standard. During the month he made 543 post-mortem examinations of slaughtered meats and made no condemnations.

Health Officer J. S. Lynch reported 65 births in the city during the month of May, 23 whites and 42 blacks. There were 37 deaths, 12 whites and 25 blacks. Nine cases of typhoid fever were reported and two fumigations were made. The total number of premises inspected by the health officers during the month were 5,188.

Several minor matters were brought to the attention of the board and were referred to Dr. Akerman, superintendent of health.

LAST OF THE EXCURSIONS.

About 4,000 Have Visited the Beach on Sunday School Outings.

The series of Sunday school outings to Wrightsville Beach, which have been so graciously given by the Tidewater Power Company during the past few weeks, were concluded yesterday with the visit of the 236 pupils and teachers of St. Andrew's Presbyterian Sunday School, who enjoyed the day at Lumina.

These free excursions by the Tidewater Company have been greatly enjoyed and the benevolent spirit of the managers in arranging these trips had been a matter of favorable comment. Sunday schools of all churches in the city have been given these pleasant outings and during the time about 4,000 Sunday school children besides the officers and teachers have visited the Beach.

MOON IN ECLIPSE TONIGHT.

Will be Partly Visible Here—The Hours of the Spectacle.

There will be a total eclipse of the moon tonight, partially visible here. The eclipse will be visible throughout South America, Africa, Europe, Southwestern Asia and North America except in the northwestern part. The moon will enter the penumbra at 5:36 P. M., the total eclipse begins at 7:56 and ends at 9 P. M., and leaves the penumbra at 11:21 P. M.

On June 17th the sun will be in eclipse but will be only partially visible in the United States and Canada. It will be in totality near the north pole only.

Especially recommended for the relief of nervous headache, exhaustion and insomnia.

UNIVERSITY COMMENCEMENT

Magnificent Ball Closes 114th Year of State Institution—Graduating Exercises and Annual Address—Other News Notes.

(Special Star Correspondence.)

Chapel Hill, N. C., June 2.—The 114th annual commencement of the State University came to a close with a magnificent ball tonight, participated in by the beauty and chivalry of the State. The decorations were beautiful, by Rehder of Wilmington, and the music was by the University Orchestra, which was never in better instrumentation.

The commencement ball followed a series of other delightful social affairs including the sophomore dance yesterday afternoon, the senior ball at night, the usual informal hop this morning at 10 o'clock, and the afternoon dance at 4:30 P. M. Mr. Harry M. Solomon, of Wilmington, is one of the leading violinists with the orchestra which furnished music during the commencement.

Yesterday was crowded with events incident to graduation, including the commencement address by Dr. William Henry Welch, of Johns Hopkins, the awarding of diplomas and the orations by four members of the graduating class. One of the four commencement speakers from the graduating class was Stuart Vann Bowen, of New Hanover, who had for his subject, "International Arbitration" which was treated with rare ability. The diplomas were presented by Dr. Venable, among the A. B. graduates being Chesley Calhoun Bellamy, Hal Fullerton Boatwright and S. V. Bowen, of New Hanover. Mr. Boatwright was awarded the distinction of being appointed one of the instructors in zoology for next year. The Worth prize was awarded to Mr. T. J. Armstrong, Jr.

The honorary degrees conferred this commencement were Doctor of Laws upon Associate Justices Geo. H. Brown and W. A. Hoke, of the Supreme Court of North Carolina; LL. D. upon Dr. R. H. Whitehead, dean of the University Medical School, and Professor Joseph Austin Holmes, chief of technology branch of the National Geologocal Survey.

The commencement this year has been a magnificent success. Dr. Venable in awarding the diplomas yesterday said: "I cannot let this class graduate without expressing my appreciation of the high stand which they have taken in all that makes for orderliness and excellence in our University life."

BOYS' BRIGADE EXCURSION.

Outing at Carolina Beach Yesterday Fine Success—Three Boats.

The annual excursion of the Boys' Brigade to Carolina Beach yesterday was probably the most successful of the outings during the early Summer. The steamer Wilmington made three trips to the Beach and on each a large crowd went. The boat went down in the morning at 9:30, in the afternoon at 2:30 o'clock, and on the final trip an unusually large crowd took advantage of the moonlight ride. The day was spent most pleasantly at the Beach and a number of entertaining features had been arranged. Music was furnished at the pavilion throughout the day and dancing was indulged in by numbers who attended, particularly in the evening.

The excursion was run under the supervision of Messrs. Fred Russ and J. A. Price, who composed the committee of arrangements. Quite a crowd remained at the beach until the last boat, which left for the city at 11 o'clock. All enjoyed a fine day and pleasant evening and the annual outing proved one of great success for the Brigade.

DRUGGIST MAKES ASSIGNMENT

K. C. Sidbury, Esq., Named as Trustee of Schutt's Pharmacy.

Mr. Theodore Schutt, proprietor of Schutt's Pharmacy, southwest corner of Princess and Second streets, late yesterday afternoon made an assignment for the benefit of his creditors and named K. C. Sidbury, Esq., of the local bar, as trustee. The trustee is directed to take charge of the business and dispose of the same and after allowing for the homestead exemption divide the balance of the proceeds between the creditors pro rata.

Mr. Sidbury stated last night that the liabilities were in the neighborhood of $900 and the assets would not cover more than half of the amount. The drug store has been open only a few months.

Singing Class Friday Night.

The singing class of the Oxford Orphan Asylum, composed of eighteen bright boys and girls, will give a concert in the Academy of Music tomorrow night, and the event is looked forward to with pleasure by many Wilmington people. The entertainments given by the class are of the highest order and never fail to please. The class is sent out annually by the orphanage and the proceeds of the concerts go toward the maintenance of the asylum which is supported by the Masons with a small appropriation from the State and is open to all destitute orphans, whether their parents were Masons or not. The class deserves and will have a large audience in this city.

Lawn Party at Col. Waddell's.

One of the most successful lawn parties of the season was given on the lawn at the residence of Col. A. M. Waddell, on Fifth street, yesterday afternoon and last night by the Ladies' Aid Society of St. Paul's Episcopal Church. The event was largely attended and greatly enjoyed by all present. The rendition of several delightful musical selections, both vocal and instrumental, added charm to the pleasure of the occasion. Among those who took part in the musical numbers were Mrs. E. K. Bryan, who sang a solo, and Miss Kate Osborne, whose whistling proved a decided feature.

IMPORTANT DEAL

Stephens Construction Company Buys Plant of Sash, Door & Lumber Co.

An important business deal was consummated Monday when the Stephens Construction Company purchased the machinery and fixtures of the Wilmington Sash, Door and Lumber Company, located at 214 South Front street, the consideration named in the deed filed for record yesterday being $10,000. The plant was sold a year ago to the Wilmington Sash, Door and Lumber Company by Mr. A. M. Prince. The plant is one of the most important of Wilmington's smaller industries and in the comparatively short time it has been running has built up a splendid business which will very likely be increased under its new management.

Many Pay Special Tax.

The sheriff is progressing rapidly in the collection of the special license taxes due June 1st. On Tuesday $3,400 was collected and yesterday the receipts amounted to more than $1,000. There are a number of cigaretto dealers and automobile owners who have not yet paid the tax. Office Deputy Taylor stated yesterday afternoon that the collections on Tuesday were greater than on the first of June of any year in his knowledge.

Useful and Attractive Souvenirs.

The numerous friends and patrons of the popular firm of S. L. Smith & Son, manufacturers and contractors for cornices and skylights, with heating systems a specialty, and proprietors of the Atlantic Blow Pipe Company, have been remembered with a handsome black leather combination card and bank-note case. The souvenirs are attractive and useful and greatly appreciated by the recipients.

Tonight. Tonight.

Grand opening at Lumina. Everybody going. **

QUIET WEDDING LAST EVENING.

Miss Ruth Savage the Bride of Mr. R. C. Lucas—Reception.

At the home of the bride's cousin, Miss Beulah Ennett, No. 307 North Sixth street, Miss Ruth Savage and Mr. Roscoe C. Lucas, a popular young couple, were married last evening at 8:30 o'clock, the ceremony being performed by Rev. W. E. Hocutt, pastor of Bladen Street Methodist church. It was a quiet marriage attended by quite a few relatives and invited friends. There were no attendants.

The couple have many friends in the city who will be interested in the marriage announcement. The bride, Miss Savage, has been residing with her cousin in this city for some time. The groom is a young business man. Following the ceremony the parties were the recipients of the happiest congratulations and a reception was tendered to all present in honor of bride and groom by Miss Ennett. The home was prettily decorated with ferns and cut flowers. The couple will reside at No. 307 South Sixth street.

A Thrilling Rescue.

How Bert R. Lean, of Cheny, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid $10 to $15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Tonight. Tonight.

Grand opening at Lumina. Follow the crowds. **

ESTIMATE OF COTTON ACREAGE

Latham, Alexander & Co., Issue Statement Covering Many Reports.

With a view of obtaining the most reliable information possible concerning the cotton acreage of the United States for 1909, Latham, Alexander & Co., bankers and cotton commission merchants of New York, addressed 5,000 letters to banks, bankers, cotton commission merchants and responsible planters, embracing every cotton growing county in the South, asking acreage estimates. Up to June 1st, they had received 3,906 replies of average date May 25th, and from this a tabulation is made showing a decrease of cotton acreage in the United States for 1909 of 4.7 per cent. or 1,570,985 acres less than last year. The normal tendency to increase acreage from year to year seems to be checked this season. Only Florida and Texas show an increase, the former one-third of one per cent. and the latter 3 per cent. In North Carolina 310 replies indicate a decrease of 4 and 436 replies from South Carolina 5 per cent. High prices of grain and provisions are attributed as the cause of the general decrease.

Yacht Club Insignia.

The new insignia of the Carolina Yacht Club, adopted by the members at the annual meeting in February, have arrived and club members may call for them at the office of the purser, Mr. R. G. Rankin, Jr., at the Holmes Grocery Co. The design is a single anchor and chain for members and a double anchor and chains for captains, surmounted by the club pennant on a field of blue. They are very pretty and add very effectively to the distinctiveness of the club.

GOWAN'S PREPARATION EXTERNAL ANTISEPTIC
For Sunburn, Mosquito Bites, Colds, Croup, Sore Throat, Asthma, Burns, Sprains, Bruises, Rheumatism, Swelling, Reduces Fever. All Druggists, 25c. to $1.00.

TREATMENT OF PELLAGRA

New Disease Discussed at Meeting of Sanitary Board—Physicians Want Privilege of Attending Ward Patients at Hospital.

A called meeting of the Sanitary Board of New Hanover county was held in the county commissioners' room in the Court House yesterday afternoon at 3:30 o'clock at which several matters of importance were brought up for consideration, chief among which was relative to the comparatively new disease, pellagra, which is claiming the attention of the most eminent scientists of the world. There are several cases in this county and the local physicians have made a study of the disease for some years.

Dr. W. D. McMillan stated that the local physicians had given much of their time to the study of the disease since its first discovery some years ago and considerable progress had been made toward ascertaining the cause and the proper treatment for it. He asked the board to use its influence in getting the board of managers of the James Walker Memorial Hospital to allow the physicians to continue the treatment of ward patients suffering of this disease after they have been admitted to the hospital. This privilege, he said, was formerly given the physicians, but recently they have not been permitted to continue to attend the ward patients without paying for it.

While he was talking Mayor Walter MacRae, chairman of the Board of Managers of the hospital, entered the meeting and he was questioned regarding the rules of the hospital relative to allowing physicians to attend the pellagra cases. He said that there must be some misunderstanding somewhere as the board of managers would not stand in the way of progress in the treatment of this disease, which Dr. McMillan declared to be worse than tuberculosis. He promised to do all he could to aid the physicians in getting what they wanted.

Mayor MacRae asked the board to allow the city to dump garbage on the ground of the County Home. On motion of Dr. Wood the privilege was granted, the city to have a trench made on the property and the garbage deposited in the trench, which is to be closed at night. Clerk Haar was authorized to notify Mr. T. J. Kenan that the Sanitary Board would not allow the garbage to be dumped at any other place on his ground.

Just before adjournment the following resolution was adopted: "Whereas, the slaughter houses of this county have not come up to requirements of establishing sanitary slaughter houses, be it

"Resolved, That the owners of the slaughter houses be required to establish sanitary slaughter houses within six months from this date."

The members of the board present were Chairman Duncan McEachern, who presided, Messrs. H. L. Vollers, W. F. Robertson, J. P. Montgomery, Superintendent of Health W. D. McMillan, Drs. R. H. Bellamy and E. J. Wood Clerk Haar was present to record the minutes of the meeting.

POLICEMEN GIVE PROTECTION.

Threats Against Witnesses in "Blind Tiger" Cases—One Arrest.

Hearing reports at police headquarters from various sources to the effect that a large number of negroes had banded themselves together for the purpose of severely punishing any and all negroes who appeared in the Recorder's court as witnesses against "blind tigers," a squad of policemen were detailed Tuesday night to guard the home of Annie Lowe, a witness against three alleged liquor sellers. The squad was headed by Patrolman R. L. Rouse and the entire night was spent under the house of the woman whose person had been threatened. The officers captured a negro, Jim McNeill, who is now in the city prison awaiting a hearing.

The officers went to the negro's house about 8 o'clock Tuesday night and crawled under the building to await developments. About 10 o'clock two negro men walked up to the house and one of them went to a door and knocked. He asked to be admitted claiming that he was her cousin and desired to talk to her. She refused to let him in and he returned to the yard where the other negro was waiting. Both negroes had taken a look under the house to satisfy themselves that no one was around. Feeling a little suspicious McNeill returned to the house and crawled under, being captured by the officers who warned him to keep quiet. The officers remained under the house with the negro until 4 o'clock yesterday morning when Assistant Chief of Police Burnett arrived upon the scene and took the negro to the City Hall. The officers' object in remaining there was to be ready for an attack upon the house which they expected would be made. They were not disturbed any more during the night, however.

Reports have reached police headquarters for some weeks that some of the negroes had organized and intended to deal violently with any member of their race who would dare swear against another for selling whiskey. The officers have determined to break up the organization in its incipiency.

Could Not Be Better.

No one has ever made a salve, ointment, lotion or balm to compare with Bucklen's Arnica Salves. GOES UP TO HIGHER COURT

Trial of Cases of Mixon Against Coast Line Comes to Abrupt Ending. Validity of Contract the Question—Other Cases.

The trial of the case of L. S. Mixon against the Atlantic Coast Line Railroad Company, an action for damages for personal injuries, which was taken up in the Superior Court Tuesday afternoon, came to an abrupt ending yesterday morning, Judge Allen allowing a motion of the defendant's counsel to non-suit on account of insufficient evidence. The case will now go to the Supreme Court where the question of the validity of a contract made between the plaintiff and the Relief Department of the railroad, releasing the road from any further liability, will be passed upon.

When the taking of testimony for the plaintiff was concluded, counsel for defendant company made a motion that the case be non-suited. Judge Allen desired to near argument of counsel regarding the contract with the relief department before ruling on the motion. Assistant General Counsel Geo. B. Elliott, of the Coast Line, presented the railroad's side of the case in a lengthy speech in which he told of the workings of the relief department and cited decisions in other States upholding the validity of such a contract. A. G. Ricaud, of counsel for the plaintiff, argued that the contract was not valid. Judge Allen decided that the contract was valid and stated that he would charge the jury that on the evidence as a whole to return a verdict in favor of the defendant company. Counsel for the plaintiff then agreed to a non-suit and the case will go to the higher tribunal of the State for final settlement and the outcome will be watched with interest.

Mixon was recalled to the stand yesterday morning for further examination and after his testimony had been given Dr. Harllee Bellamy was called as an expert and testified as to the nature of the injuries of the plaintiff. Following the testimony of the physician the motion to non-suit was made by Junius Davis, Esq., of counsel for the defendant company.

The case of J. D. McClamb against the Tidewater Power Company was continued until the October term at the request of L. V. Grady, Esq., who stated that he had received a telegram from the plaintiff saying that he could not be in court this week on account of illness. It was agreed that shouldt he plaintiff fail to appear and prosecute the case at the October term the case is to be non-suited.

F. Fosgate was given a verdict against J. L. Gorman for $154.97 1-2 for failure to pay him his portion of the profits for a car load of cabbage and potatoes which the defendant disposed of. The plaintiff sued for $323.88. Herbert McClammy, Esq., represented the plaintiff and J. D. Bellamy & Son appeared for the defendant.

Just before adjournment for the day the case of Jos. W. Little, administrator of the estate of Hannah Waddell, against Frank Hill, et al., a proceeding started before the Clerk of Court for authority to sell a piece of land to satisfy some creditors, was tried, the jury rendering a verdict in favor of the plaintiff.

The case of V. C. Bordeaux against J. C. Walton, et al., involving the title to a piece of property, is set for trial this morning. Rountree & Carr represent the plaintiff and W. P. Gafford, Esq., and John D. Bellamy & Son appear for the defendant.

NEGRO WOULD SHOOT FOUR

James Pearce Pulled His Pistol and Made Vain Effort to Fire.

The officers are searching for James Pearce, a negro man, who went to the home of Ida Johnson, colored, corner of 14th and Dock streets, Tuesday night about 10 o'clock, and after becoming angry over a frivolous matter, pulled his pistol and made an effort to shoot all in sight. He snapped it at random, but for some reason it failed to fire, probably saving the lives of those within his reach.

Soon after the affair the women, who had vacated the place, reported it to Officer W. R. Applebury, who proceeded to get a warrant, charging assault with a deadly weapon. Officers Applebury and Jacobs yesterday morning at 3 o'clock went in search of the negro, visiting a number of places, but failed to find him. The affair created quite a stir in the neighborhood, which Pearce invaded and the Johnson woman stated that after the first trouble about 1 o'clock in the morning a pistol was fired near the house, presumably by the same person. The negro Pearce was employed at the home of Father Dennen as a servant. The officers believe he left on the 3 o'clock Seaboard train yesterday morning.

NEAR-BEER TAX.

Will Swell City and County Coffers Very Considerably.

For the privilege of doing business in the city the near-beer dealers will pay into the city coffers between $4,000 and $5,000 and to the county about $1,600. About 37 dealers have already paid in advance the $100 tax required by the city and the same number have paid the State and county tax of $40 each. There are a number of others who have not yet received their tax receipts.

In this connection it will be interesting to note that the Aldermen of Winston and Charlotte at recent meetings decided to tax the near-beer dealers $500 a year.

The owners of pool tables will pay the county something in the neighborhood of $2,500 as special tax to do business. Of this amount nearly $2,000 has been collected.

Are You Going?

to the grand opening at Lumina tonight? 10-piece orchestra. **

NEW OFFICES FOR POSTAL

Will Have Handsome and Modernly Equipped Headquarters.

The Postal Telegraph Company has leased the store room at 217 North Front street, directly in front of the Chamber of Commerce, formerly occupied by Julius P. Taylor and will begin at once the work of fitting up the building for an office which will be modern in every respect.

Manager J. T. North hopes to be installed in his new quarters by the 15th of this month. Electricians are expected here the latter part of the week to wire the new building and transfer the instruments. Two new sets of instruments will be installed in the new office which will facilitate the handling of the rapidly increasing business of the company at this point. The room is 18x70 feet in size and will afford ample room for equipping the office in the most modern style. The company proposes to make the Wilmington office second to none in the State.

REAL ESTATE TRANSFERS.

Market Continues Very Active—Deeds Filed For Record Yesterday.

The real estate market continues very active as shown by the large number of deeds recorded in the office of the Register of Deeds each day. Several deeds were filed yesterday as follows: B. R. King and wife, et al., to J. H. Litgen and wife, for $10 and other considerations, lot on western side of Fifth, 66 feet south of Queen street, being 33x165; Fannie G. Pritchard and Thomas W. Davis, trustees, for $250, lot on Electric avenue, 390 feet west of Seaside avenue; Martin Brunjes to P. K. Meeks and wife, of Pender county, for $250 and other considerations, two tracts of land in Harnett township, one containing 22 acres and the other three acres, adjoining lands of Lula O. Shepard and others; Otto Banck and wife to Rosalia S. Croom, for $450, lot on Brunswick street, 131 1-4 feet east of Fifth street, 27x66 feet in size.

Recorder's Court Yesterday.

The Recorder had a very light docket for his consideration yesterday morning, the principal cases being continued until next Tuesday. Ada Fulton, colored, was tried on warrants, charging assault and battery and disorderly conduct. She was found guilty in both cases and let off upon payment of costs. Willie Blake, charged with riding a bicycle on the streets without a light, was required to pay costs. Wm. Edwards, for drunkenness and disorderly conduct, paid a fine of $10 and costs. The cases against Abraham Watson, Linda Blount and Albert Lamb, colored, for selling whiskey, were continued until next Tuesday.

Funeral of Mrs. Thos. J. Kenan.

At 10 o'clock yesterday morning the remains of Mrs. Thomas J. Kenan were tenderly borne from the residence of Miss Ellen Sheehan, on Market street, to St. Thomas' Catholic Church, where the funeral services were conducted by Rev. Father Dennen. The pall-bearers were Messrs. J. A. Nixon, M. O'Brien, Wm. Sheehan, Sr., Henry Mohr, M. H. Kelly and Geo. H. Ward. The burial took place in the Catholic cemetery at 2:30 o'clock yesterday afternoon, being held until that hour, awaiting the arrival of Miss May Williamson, of New York, sister-in-law of the deceased.

ARBITRATORS IN GEORGIA.

To Settle Strike—Chairman Knapp and Dr. Neill Return.

(By Wire to the Morning Star.)

Washington, June 2.—Chairman Knapp, of the Inter-State Commerce Commission, and Dr. Charles P. Neill, Comissioner of Labor, mediators under the Erdman Act, returned today from Atlanta, Ga., where they had been directing their efforts to an adjournment of the strike on the Georgia Railroad.

An absolute agreement was entered into between the parties concerned to arbitrate certain questions. Under the Erdman Act each side to the controversy must choose one arbitrator and in the event that the two are unable to agree upon a third arbitrator he is to be named by Chairman Knapp and Commissioner Neill. As yet the arbitrators have not been named but it is not doubted that they will be named shortly.

Secretary of War Dickinson yesterday promised the Mississippi Congressional delegation that called upon him that he would order a battalion of infantry to Jackson, Miss., to participate in the State encampment of the Mississippi militia June 12 to 23.

GOOD WAY TO DO BUSINESS.

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents J. Hicks Bunting Drug Co., are giving one of the graetest trade chances ever offered to the people of Wilmington.

Even though offered at half-price for introductory purposes the specific is sold under a guarantee to cure or the money will be refunded.

If food does not digest well, if there is gas or pain in the stomach, if the tongue is coated and the breath bad, if these is constipation and straining, Dr. Howard's specific will cure you. If it does not, you have druggist J. Hicks Bunting's personal guarantee to return your money.

This remarkable remedy comes in the form of tiny granules, and can be carried in the vest pocket or purse. It is very popular in New York City, and it is not unusual to see someone after a meal at one of the large hotels or restaurants take a dose of this specific, knowing that it will prevent the uncomfortable feeling which frequently follows a hearty meal.

Dr. Howard's specific gives quick relief and makes permanent cures of constipation, dyspepsia and all liver troubles.

Trouble Makers Ousted.

When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new, fine appetite, strong nerves healthy vigor, all because stomach, liver and kidneys now work right 25c. at R. R. Bellamy's.

STRIKERS RIOTING

(Continued From First Page.)

than on the previous days of the strike. Chairman Pratt, of the Union Car Men, admitted that some additional cars had been run with the strike breakers but said the strikers had won over more of the old men and none of the men who had gone on strike were weakening.

The Central Labor Union has determined to take advantage of the political features involved in the strike and at a meeting of its conference committee tonight decided to issue a call upon its members and sympathizers to celebrate next Saturday which is primary election day here, as white ribbon day.

The white ribbon is the emblem chosen by the strikers. The sympathizers are asked by the Central Labor Union to wear this emblem on election day and to vote for Clarence Gibboney, for district attorney, and President Murphy, of the Union, for city treasurer in opposition to the slated Republican nominees.

An attorney for strikers today caused warrants to be issued for the arrest of two policemen who are alleged to have struck one of the strikers without sufficient provocation. Writs of habeas corpus have also been issued for the release of strikers who have been committeed to prison.

YELLOW FEVER QUARANTINE.

Norfolk Wants to be Placed Outside of Zone.

(By Wire to the Morning Star.)

Washington, June 2.—Pointing out that the commercial interests of Virginia are being injuriously affected on account of Norfolk being included in the yellow fever zone, a committee of physicians from that city today conferred with Surgeon General Wyman, of the Public Health and Marine Hospital Service, with a view to having the Federal regulations in regard thereto removed. The committee consisted of Doctors Powhatan S. Scheneck, Edward E. Field and Southgate Leigh.

The yellow fever quarantine line is just north of Norfolk extending to the southern boundary of Maryland, and it was urged that this imaginary line be removed to a point south of that city. Under the present government regulations, all ships coming to Norfolk from tropical countries are detained in quarantine for five days, which it was declared, works to the great detriment of commerce in that section.

No decision was reached but Dr. Wyman promised to take the matter under consideration.

BATTLESHIP MINNESOTA

Big Ship Now Ready to Sail For Philadelphia.

(By Wire to the Morning Star.)

Pascagoula, Miss., June 2.—The visit of the United States Battleship Mississippi to the waters contiguous to this port for the purpose of receiving the State of Mississippi's silver service gift, was ended today. The man-of-war left its place of anchorage 12 miles south of here soon after it had been boarded early this morning by returning officers who had attended the concluding festivities in Biloxi, Miss., last night. It goes direct to Philadelphia.

REQUISITION FOR MURDERESS.

Virginia Woman Charged With Killing Her Husband.

(By Wire to the Morning Star.)

Richmond, Va., June 2.—Governor Swanson today issued a requisition on the Governor of New York for the delivery of Mrs. Mary Tarbock, wanted in Dinwiddie county for the murder of her husband one week ago, and also with selling the man's estate and obtaining $4,000 from a bank. The body of the man was found hidden under brush and leaves. The woman is under arrest at Springville, N. Y.

Women Who Are Envied.

Those attractive women who are lovely in face form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at R. R. Bellamy's.

DOING THEIR DUTY

Scores of Wilmington Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Wilmington people endorse our claim.

Mrs. J. A. Boykin, 514 Princess St., Wilmington, N. C., says: "For a long time I was a sufferer from backache and rheumatic twinges in my limbs. I could not stoop or lift without pain, in fact, was in misery all the time. Nothing that I did seemed to give me any relief and when a friend told me about Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store. Soon after taking them I could see that they were doing me good. The backache and rheumatic pains entirely disappeared and I felt much better in every way. I am pleased to recommend Doan's Kidney Pills to other people bothered as I was."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Why, Oh Why

should you order your Drugs, Flavoring Extracts and Toilet Articles away from here when you can get them from us?

Quality counts first with us, but we save you money just the same.

Everything that is bought from us goes out with a positive guarantee. "A word to the wise, etc."

Free Trip to Washington
District of Columbia

Washington is leaping forward to a place among the great capitals of the world and now is your greatest opportunity to invest in Washington real estate if you want to make money.

Do you realize that Washington is the most beautiful city in the United States today and will in a few years be the most beautiful in the world, **You Ask Why?** First, because there is only one District of Columbia and one Washington, the seat of government and the capital of a nation of more than eighty millions of the most thrifty and wealthy people on the face of the earth, and the National Capital must keep pace with the growth of the nation. Second, because the Government is spending millions of dollars every year to improve and beautify the city.

The area in the District of Columbia is limited to about eight miles square, and at the present rate Washington is growing, the time is not far distant when you will be unable to buy a good building lot within the limits of the District of Columbia at any reasonable price.

Business men and capitalists from all parts of the country are coming to Washington to invest money in property because they know it is the safest and surest profit on a real estate investment to be found in the country today.

Your Opportunity

Randle Highlands, with its magnificent elevation stands out as one of Washington's most beautiful residential suburbs and is located within twelve minutes' ride of the Capital Building. This property is controlled by the **United States Realty Company,** the largest real estate operators in Washington, and they are offering to the people of Wilmington an opportunity for investment that is seldom offered to the public; that is, a chance to get a valuable building lot on famous Pennsylvania and Massachusetts Avenues, **Washington's Greatest Boulevards.** To the capitalist: this is a chance to enlarge your fortune; to the young man working for a salary: this is your opportunity to make a start in life. Don't allow it to slip by. No investment safer than good real estate.

Terms are attractive and easy.

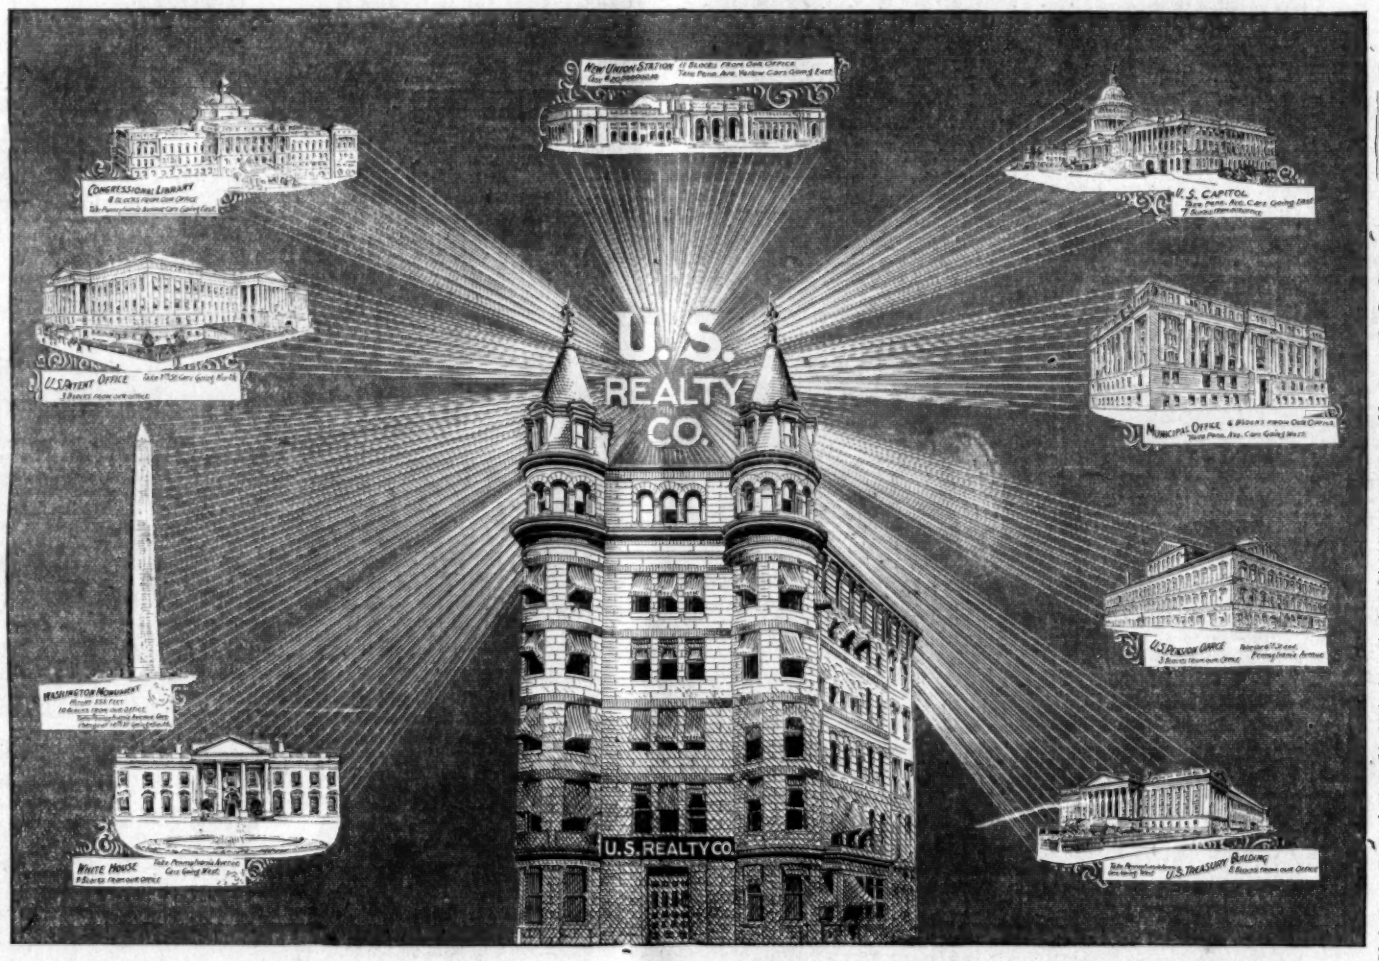
OUR SELLING PLAN.

Every lot is sold under a Title Building and Improvement Bond Contract which has coupons attached equal to 6 per cent. on your investment, payable to you monthly until one-third of the purchase price has been paid. These coupons will be accepted by the United States Realty Company as part of your monthly payment, or be paid to you in cash by the company under conditions named in the bond. Price of lots $500 to $1,000. First payment only $25 to $100 and use of coupons reduces the actual cash outlay to only $5 a month until one-third purchase price is paid. Ten per cent. discount will be allowed for cash in full at time of purchase.

Pennsylvania avenue lots sold for spot cash only. The Bond for Title further provides an opportunity for the purchasers to borrow money for building on their lots after they have paid for them in full; these loans to carry 5 per cent. interest.

PROTECTION IN CASE OF DEATH.

Our Bond-for-Title contracts provides that if the purchaser should die before paying one third of the purchase money, his or her heirs or devisees will be given a deed to the lot without any further payment, provided, of course, the payments have been made regularly when due each month from date of contract to time of death. This protection costs you nothing, but may be worth hundreds of dollars to your family.



TAX RATE.

The tax rate in Washington is extremely low, because the United States government pays for one-half of all the expenses of the District of Columbia government. The rate is $1.50 on each $100 of property, and the assessed values are very reasonable, being much less than the real values. In purchasing property from the United States Realty Company, you pay no interest or taxes until one-third the purchase money has been paid.

A free trip to beautiful Washington can be arranged with our representative, for the purpose of inspecting the Company's property. May and June are the most desirable months to visit the National Capital because at this season of the year Washington is the most beautiful City in the world.

This trip will also enable you to witness the largest and most powerful legislative body in the world, "Congress of the United States" now in session and deliberating on the most important measure that has been before them for several years, "Revision of Tariff" which is expected to close about July 1st.

For full information call or cut coupon and mail to our local office Wilmington, N. C., 502 Southern Building.

WHY Washington City Real Estate in the District of Columbia Is a Good Investment . . . . . .

Never in the history of Washington has the demand for suburban property been so great and building operations so active. The effect has already begun to stimulate the prices of property. Many who purchased lots from the United States Realty Co. less than three years ago have resold at large profits.

The **United States Realty Company** announces the opening of a Southern Headquarters in Wilmington. This Southern office is established for the purpose of giving the people of North Carolina an opportunity to make profitable investments in District of Columbia real estate on the most liberal terms.

SHEEP—Old dull $1.00@$2.00 per head. Lambs, good demand $1.25@$3.00.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 2.—After early nervousness and irregularity the cotton market became decidedly firmer on a renewal of bull support and closed firm at a net advance of 8 to 21 points.

The market opened steady at an advance of 1 to 7 points in response to higher cables and reports of continued rain in the Mississippi Valley. Offerings were rather heavy at first and there was further liquidation by commission house longs who were evidently influenced by bearish rumors as to a private crop report to be issued later in the day and by a general modification of views as to the probable government report on Friday. Prices gradually eased off under this pressure until the active new crop months were about 4 points under the closing figures of last night but the old crop was pretty well sustained by reports of a better spot demand and after the publication of the private report showing an average condition of 82 per cent. and a decrease of 2.7 per cent. in acreage the market became active and firmer on covering and bull support. July led the advance and seemed to be in demand by spot houses and New Orleans bulls while buying of the new crop was promoted by the detailed weather report indicating considerable further rain in the central belt and the weekly report of the weather bureau. The close was at practically the best.

Southern spot markets officially reported early were unchanged to 1-8c lower, but reports were circulating that interior holders have not fully followed the decline in futures, and the strength of July had a tendency to encourage buying all along the line. The New Orleans market will be closed tomorrow. The government June report will be issued at 12 o'clock on Friday.

Receipts at the ports today were 4,808 bales against 23,890 last week and 15,008 last year. For the week 70,000 bales against 109,414 last week, and 66,645 last year. Today's receipts at New Orleans were 1,665 bales against 8,321 last year and at Houston 1,404 bales against 2,075 last year.

Spot cotton closed quiet, 10 points higher; middling uplands 11:35; middling gulf 11.60; no sales.

Futures opened steady and closed firm.

Month.	Open.	Close.

Total today—Net receipts 3,471; gross receipts 4,087; shipments 9,734; sales 927; stock 196,076.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, June 2.—The cotton market continues strong, buying of narrow print cloth and convertibles being more general for late delivery. One of the leading lines of cotton blankets has been placed at value for some time the production being sold into October. Retailers are showing more interest in Fall silks. Knit goods are being offered for Spring 1910, at the prices prevailing when the last Spring season opened.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New oYrk, June 2.—A check came to the advancing tendency of prices today, although the action of the market was still mixed. Here and there prices continued to rise, but in other quarters there was a sharp back-set. Reading especially was under quite severe pressure and was of notable sympathetic effect on the whole list. Another center of strong sentimental influence was United States Steel in which the recent persistent and prolonged advance gave way to a reaction of a point. Its upward rush to 67 1-4 in the final hour had a strong restorative influence on the whole list. Foreign securities markets seemed to wake up today, for the first time, to the importance of the listing of the United States Steel shares on the Paris bourse. The uncertain tone of the market was aggravated by the heavy tone developed on the bond market and the fear thus engendered that the market was becoming surfeited with new issues

A good deal of attention was paid to crops and estimates of private experts coming to hand were taken as foreshadowing a poor showing in the government report of condition, looked for next week. Further reduction in freight charges on import traffic by the trunk line railroads were disliked as threatening a spread of this dispute into other departments of traffic. The marking up of the price of copper did not prevent the copper industrials from figuring conspicuously in the early reactionary movement of prices.

Bonds were heavy. Total sales, par value, $4,680,000. United States bonds were unchanged on call. Total sales of stocks today 780,400 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, June 2.—Money on call easy 1 3-4 to 2 per cent., ruling rate 1 7-8, closing bid 1 7-8, offered at 2. Time loans easy, sixty days 2 to 2 1-2, and 90 days 2 1-4 to 2 1-2 per cent., six months 3 to 3 1-4 per cent. Prime mercantile paper 3 1-2 to 4 per cent. Sterling exchange steady with actual business in bankers bills at 4.8630 to 4.8635 for sixty day bills and at 4.8790 for demand. Commercial bills 4.85 3-4 to 4.86 1-8. Bar silver 52 7-8. Mexican dollars 44.

Score by Innings.

Wilmington .. ..000 002 000—2 8 4
Fayetteville .. ..000 110 01x—3 3 0

Summary: Bases on balls, Sexton 2; by Watters 3; struck out by Sexton 6, by Watters 3; umpire, McLaughlin; time 1:35; attendance 520.

More Glory For Lane.

Wilson, N. C., June 2.—Lane crowned himself with glory today. The bases being filled in the sixth inning by two errors, he showed his metal by fanning two and retiring the side. Armstrong did star playing, scoring Guerrant. Lane hit a grounder by short going through left field making a home run, also scoring Armstrong. Johnson did the stick work for the visitors making a single and triple. Score:—

Wilson .. ..001 000 32x—6 9 4
Rocky Mount ...001 000 012—4 8 4

Batteries: Crowe, Lane and Bird; Ogara and Stephens; umpire Carter' time 1:55; attendance 300.

Brandon's Great Game.

Raleigh, N. C., June 2.—Exceptionally fine work in the box by Brandon for Raleigh spelled Goldsboro's defeat this afternoon in a very interesting game witnessed by a thousand people. He struck out 16 men. Goldsboro would not have scored at all but for a poor throw to second base in the sixth.

Raleigh .. ..000 100 001—2 6 2
Goldsboro .. ...000 001 000—1 5 1

Batteries: Brandon and Irwin; Stoehr and Fulton; time 1:30; umpire, Barr.

Diamond Dust

Fayetteville has a first sacker in Dobson who goes a long ways towards offsetting the frequent errors made by the balance of the Highlanders.

Once; nay, twice, has the moistened goods artist from Wilson been fallen upon for many singles—and all in the course of one week. Wilson will soon be Niobe-ing over the fall of the Mighty.

A wireless message to the Sporting Editor from Fayetteville says: "The ex-horse editor of The Morning Star attended the baseball game yesterday, accompanied by three girls of 'purest ray serene.' How is that for a young man who is traveling for his health' He sends love to the fans."

Streaser should be permanently retained on the team and played in the outer garden. He fielded 1000 up to the 28th, and Wilmington never witnessed a more classy play than his overhead mailed hand catch of Hart's long fly to deep left Saturday.

The outfield at League Park should be treated to a dressing of clay, or some other suitable material, or we will continue to witness a slow grade of ball in that territory. A player can hardly be expected to plow through several inches of sand and field perfectly, and when a ball is the least misjudged or juggled, the spectators witness a regular easter egg hunt retrieving the sphere. Many errors made under these conditions should not really be charged against the men. How about it, Mr. Manager?

DR. SCHENCK HAS RESIGNED.

Friction Over Leases on Biltmore Estate the Cause.

(By Wire to the Morning Star.)

Asheville, N. C., June 2.—Following the statement yesterday that the validity of Dr. C. A. Schenck's lease of the fishing and hunting rights on the 80,000 acres of Pisgah forest had been repudiated by George W. Vanderbilt, came the announcement today to the effect that Dr. Schenck had resigned his position as head of the Biltmore Forestry Department, the resignation to take effect November 1st.

The resignation of Dr. Schenck has been expected since his recent difficulty with C. D. Beadle, head of the Biltmore nurseries, which is said to have grown out of the discussion and criticism of the lease in question. Papers were served on Dr. Schenck yesterday requiring him to answer in a magistrate's court to the charge of assault on Mr. Beadle.

There seemed every probability last night that a general strike of the machinists in all shops of the Baltimore & Ohio Railroad, 12 or 14 in all, will be ordered to take place within the next 24 hours. The Baltimore and Ohio Southwestern, it is understood will not be involved.

To Drive Out Malaria
And Build Up The System.
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effectual form. For grown people and children 50c.

BASE BALL

National League.

(By Wire to the Morning Star.)

Pittsburg, June 2.—Pittsburg won from Boston today 2 to 0. At no time did it seem possible for the visitors to score and only two Boston players got as far as second base.

Pittsburg .....101 000 00x—2 9 1
Boston .....000 000 000—0 4 1

Leifield and Gibson; Ferguson and Gowerman. Time 1:10. Umpires Johnstone and Cusack.

At Brooklyn-New York, rain.
At Cincinnati-Chicago, rain.

American League.

Boston, June 2.—Boston won an uphill game from Detroit today 6 to 5. The visitors scored five runs on the local pitchers' wildness and errors, bunched with hits. Killian was also wild.

Detroit .....220 001 000—5 11 3
Boston .....000 000 24x—6 9 3

Killian and Schmidt; Arrellanes, Chech, Morgan and Spencer. Time 1:50. Umpires O'Loughlin and Kerin.

Philadelphia, June 2.—Philadelphia won in a loosely played game from Chicago today 5 to 4 by bunching hits off Smith.

Philadelphia ....012 020 00x—5 9 2
Chicago .....000 300 010—4 8 2

Dygert, Vickers, Bender and Livingston; Smith and Sullivan. Time 1:50. Umpires Sheridan and Eagan.

New York, June 2.—New York won the game in the first inning with three hits with one of St. Louis' errors. LaPorte's playing at second for New York was the feature of the game. Lake outpitched Powell.

St. Louis.....000 001 000—1 6 3
New York.....200 001 00x—3 8 0

Powell and Criger; Lake and Blair. Time 1:37. Evans and Perrine.

Washington, June 2.—Washington defeated Cleveland today 4 to 0, and scored its first victory over the Veteran Cy Young in a number of years. Clymer sprained his knee sliding to the home plate, and with Easterly who had a finger dislocated by a foul tip, retired from the game.

Washington ....011 001 10x—4 10 1
Cleveland .....000 000 000—0 6 3

Hughes and Street; Young, Easterly and Bemis. Time 1:50. Umpires Connolly and Hurst.

Southern League.

At Atlanta 2; Memphis 5.
At Birmingham 0; Mobile 1.
Other games, rain.

South Atlantic League.

At Charleston 0; Jacksonville 7.
At Macon 3; Columbus 0
At Augusta 3; Chattanooga 1.
At Columbia 1; Savannah 3.

Carolina League.

At Greenville-Anderson, rain.

Virginia League.

At Roanoke 2; Danville 7.
At Lynchburg 7; Richmond 0.
Second: Lynchburg 7; Richmond 3.
At Norfolk 1; Portsmouth 2.

College Games.

At Princeton 2; Amherst 1.
At West Point 3; Fordham 2.

MINE PROMOTORS SENTENCED

Four Men Convicted of Fraud Sent to Prison.

(By Wire to the Morning Star.)

Kansas City, Mo., June 2.—Frank H. Horn, S. H. Snyder and Raymond P. May were sentenced to serve a year and a day in the United States prison at Leavenworth, Kans., and to pay a fine of $500 each and John E. Horn was fined $500 in the Federal Court here today for fraud in promoting the "two queens" mine in Arizona. The United States district attorney made a plea to the court for leniency on behalf of John E. Horn, who is only 22 years old. The judge said the young man's punishment should be only a fine and costs.

E. S. Horn, still ill after a collapse on May 18, appeared before Judge Phillips during the afternoon and also was sentenced to one year and one day in the penitentiary and fined $500.

ROBBED REID'S PRIVATE CAR.

Son of South Carolina Minister Arrested in New York.

(By Wire to the Morning Star.)

New York, June 2.—Charged with breaking into and robbing the private car of Daniel G. Reid, president of the board of directors of the Rock Island Railroad, Charles S. Sparman, 14 years old, who is said to be the son of a Methodist minister of Dillon, S. C., was arrested in the Pennsylvania freight yards in Jersey City. Through the burglary Mr. Reid lost about $500 worth of silverware, four Winchester rifles, a shot gun, a Colt's revolver and other articles of less value. A portion of the stolen stuff was recovered.

At Detroit, Mich., yesterday the $1,500,000 failure of the Detroit Brokerage firm of Cameron Curree & Co., last July resulted in the indictment of Louis H. Case, managing partner Herbert B. Page, Robert L. Edwards, Ernest Kraetke, and William H. Stritskie, clerks, and William Rowley and Frederick T. Dolzen, telegraph operators employed by the defunct firm, on charges of criminal irregularity.

Special sale at J. H. Rehder & Co's. for the week, Fourth street bridge, five specials that will interest every economic buyer. 50 cent bleached sheets for 35 cents, children's bleached muslin drawers 10 cents, ladies' bleached muslin underskirts, 23 cents, ladies mushroom sailor hats 50, $1.25 white Oxford slippers 79 cents. **

Wilmington, N. C.,
June 1st, 1909.

Dear Sir:

Whatever may be your business, you cannot make progress without connecting with a banking institution offering facilities which will enable you to compete with other business men.

Many merchants and traders are handicapped because they do not enjoy the advantages offered by a modern banking service. A service in which the personal element is entirely eliminated, and each application or transaction is treated upon its business merit.

This institution is conducted upon the broad principle of having no favorites, and adhering strictly to the requirements of the United States Government, by which it is supervised.

At the same time, the bank takes special interest in being of service and offering all legitimate encouragement to the small merchant, the young business man, and any worthy industry.

Your account would be welcomed, regardless of its size.

Yours truly,
THE SOUTHERN NATIONAL BANK.
